Avoiding problems with Course Selection

- Make sure to read the course descriptions and double check that you fulfill the requirements (requirements are usually recommendations only, except stated as mandatory)
- Book only courses on the appropriate level of studies
- Do not book more than 20-30 ECTS credits per semester
- To avoid failed attempts in your transcript, remember to cancel redundant course bookings
- Ask your student buddy or the „askUZH“ AI buddy all the nasty questions

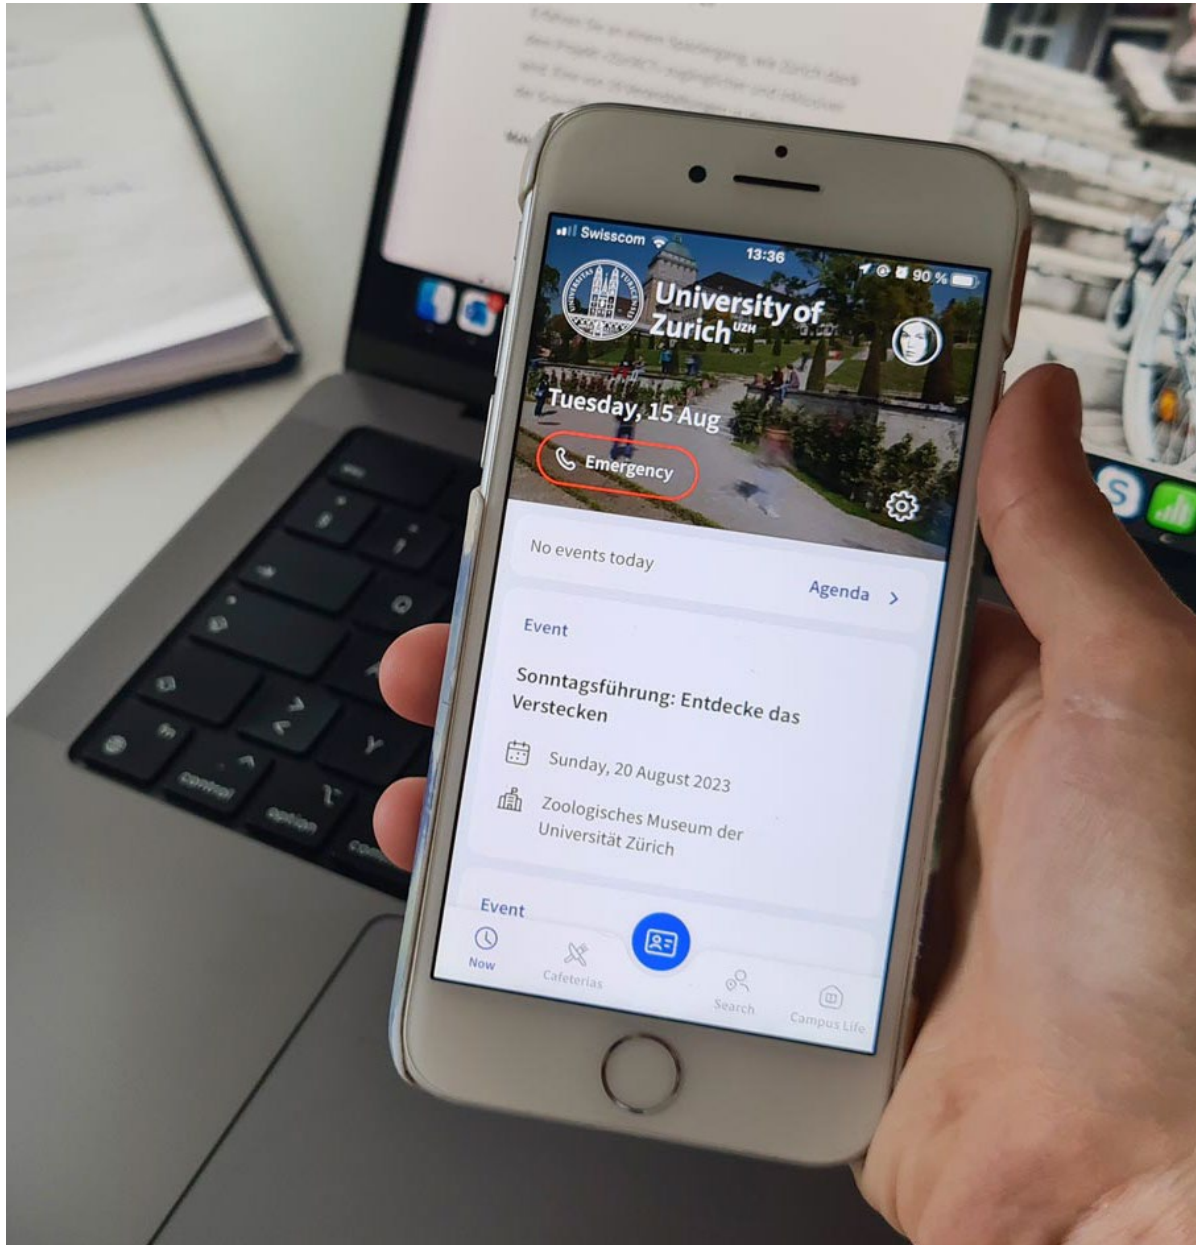

Submit Request with Doctor's Note

- If you cannot take an exam due to an illness or accident, you **must submit a withdrawal request** in the Student Portal and upload a doctor's note („My Requests“ tile).
- The request must be submitted no later than **five work days** after the exam date. Read this for more detailed guidance.
- Individual repeat exams during your exchange semester are not possible.

Transcript of Records

- **Your ToR will be available for DOWNLOAD IN THE STUDENT PORTAL on Friday in calendar week 08 (26 February 2027).**
- All students at UZH receive their transcripts of records in PDF format (in English and/or German) via student portal only. It lists all passed and failed modules, including ETH courses.
- You can access the student portal up to four months after the end of the semester. If you need a transcript at a later point in time, please use the contact form provided by the Student Service website. ([Document verification tool](#) for home university)
- For [security reasons](#), UZH does not send any official documents such as transcripts by e-mail.
- We issue earlier provisional transcripts exclusively for impending graduation; for this, we require an official e-mail statement from your home university. Disclaimer: provisional transcripts are not legally binding.
- If urgently required for other reasons, please use a screenshot from the “My Results” section in your student portal account.
